

# HOW TO READ THE MAYOR'S BUDGET RECOMMENDATIONS

The Budget Recommendation contains summary information about budgeted revenues and proposed appropriations, as well as detailed information down to the individual budget appropriation.

- Summary A through F, the first financial reports within the Recommendations, contains summary financial information at revenue and expenditure levels.
- Estimated Revenue Details appear after the Summary Statements with the Statement of Estimates of Assets and Liabilities and Appropriation of Liabilities.
- Estimated Expenditures follow the Estimated Revenue Details and provides information down to the individual budget appropriation.
  - The detail is organized first by funding sources, then by city departments.
- The first fund is the Corporate Fund, or Fund 100, the City's main operating fund. After the Corporate Fund, detail information is provided for all various local funds, sorted by fund number order.
- Within each fund statement, information is broken down by department, in ascending department code order. Only departments being funded by a particular funding source (i.e., Corporate Fund) will appear within detail section. The legend below illustrates how to read reports within this section.
- The Recommendations conclude with information about grants (Summary G and Estimates of Grant Revenue), anticipated reimbursements between funds (Appendix A and B), and salary rate schedules.

(060/1005/2005)

The mission of the Civilian Office of Police Accountability ("COPA") is to provide a just and efficient means to fairly and timely conduct investigations of alleged police misconduct within its jurisdiction. COPA determines whether those allegations are well-founded by applying a preponderance of the evidence standard, and identifying and addressing patterns of police misconduct. Based on information obtained through such investigations, COPA makes policy recommendations to improve the Chicago Police Department and reduce incidents of police misconduct.

(088/1005/2005)

The Department of Water Management ("DWM") is responsible for the delivery of water to Chicago residents and suburban communities. DWM also transmits waste water from homes and businesses along with storm water runoff from streets to the Water Reclamation system. Operations rely on a network of purification plants, tunnels, pumping stations, structures, and water and sewer mains.

## 925-Grant Funds

The appropriation of grant funds set forth below, is an authorization for the designated City departments and agencies to spend up to the amount appropriated for the purposes specified in the individual contractual agreements with federal, state, local, and private agencies subject to approval by the Budget Director and the award of the grant funds.

Grant funds reflect both the full new award amounts that City departments and agencies anticipate receiving during the current fiscal year, and carryover of unexpended balances on grant awards from prior fiscal years. Carryover appropriations from City Council are necessary to ensure that City departments and agencies have continued access to grant funds from awards with periods that extend into subsequent fiscal years.

Required City matching funds for grant awards are reflected under both 925-Grant Funds and Finance General. The total required City match amounts are included in the Deduct Transfer between Funds line in Summary B.

The approval of any loan from these grant funds in the amount of \$150,000 or more shall be subject to review and approval by the City Council provided that the City Council shall complete its review within 21 days after submission of the ordinance to authorize such loan.

New grants not included in this appropriation, grant funding that exceeds the amount hereby appropriated, and public works capital projects and planning grants covered under City-State agreements are subject to approval by the Budget Director and appropriation by the City Council.
